

Certificate of Approval

This is to certify that the Management System of:

Aircraft Research Association (ARA)

Manton Lane, Manton Industrial Estate, Bedford, MK41 7PF, United Kingdom

has been approved by LRQA to the following standards:

ISO 14001:2015

Approval number(s): ISO 14001 – 0006297

The scope of this approval is applicable to:

Provision of design and engineering facility dedicated to the manufacture of wind tunnel models and similar precision engineered components. Structural analysis by finite element methods. The provision of aerodynamic testing in the ARA Wind Tunnels and associated facilities. Development and application of computational fluid dynamics codes. The processing and analysis of aerodynamic data from the ARA Wind Tunnels and associated facilities.

Marta Escudero

Regional Director, United Kingdom and Americas (UKAM)

Issued by: LRQA Limited
